

**Hightex 2010**, the 3<sup>rd</sup> Istanbul Technical Textiles & Nonwoven and Weaving Technologies Trade Fair was held during May 2011 at the Tüyap Fair, Convention and Congress Center in Istanbul. The wide range of technical textile and nonwovens technologies, raw materials and intermediate products were presented at the show. Additional category of weaving technology is also added into Hightex 2010 in view of its increasing role in technical textile and fabrics. The 4<sup>th</sup> International Technical Textiles Congress hosted by Dokuz Eylül University's Department of Textile Engineering, Istanbul, was also held together with the exhibition.

Pakistan Textile Journal is pleased to present show highlights of the Hightex 2010 edition for the interest of its readers.Ed.
