

Texpo Eurasia 2010 attracted quality visitors

Texpo Eurasia 2010 - the 27th Textile, Woven, Yarn, Finishing, Knitting, Hosiery Machines, Side Industries and Chemicals Fair was held between May 15-18, 2010 at Tüyap Fair, Convention and Congress Center Büyükçekmece-Istanbul/Turkey.

The fair organized by Tüyap Fairs Inc. and Teknik Ltd. was attended by more than 900 exhibitors and their representatives from 26 countries (Australia, Austria, Belgium, China, Czech Republic, France, Germany, Greece, Hong Kong, India, Israel, Italy, Japan, Luxembourg, Malaysia, Pakistan, South Korea, Spain, Sweden, Switzerland, Taiwan, Thailand, The Netherlands, Turkey, United Kingdom, USA) have participated in 2009 Fair.

Texpo Eurasia 2010 held concurrently with 7th International Istanbul Yarn Fair and Hightex 2010 3rd Istanbul Technical Textiles, Nonwoven and Weaving Technologies Trade Fair. The synergy of concurrent organization of the region's most powerful sectoral Fairs provided an excellent opportunity to meet at one platform and exchange ideas.

Scope of Texpo Eurasia is cotton and fibre preparation machines, yarn preparation and yarn twisting machines, fabric and fabric readiness machines, tight weaving machines, dyeing, printing and finish-

ing machines, circular knitting machines, flat knitting machines, hosiery machines, linking machines, knitwear, cotton and hosiery steamer systems, crochet machines, ribbon basting machines, printing machines, knitting fabric spreading machines, computer system and programs, laboratory equipment, quality control systems, textile chemicals, dye and side chemicals, machines side parts and accessories, professional publications, educational institutions. ♦

TEMSAD Association in Turkey

TEMSAD Association in Turkey with 130 member companies all of whom are manufacturers of textile machinery, spare parts, accessories and textile chemicals has export references in more than 100 countries throughout the world.

TEMSAD member companies offer a high quality machinery and exports amounts to 90% of the total production, which indicates their level of contribution to the Turkish Economy. TEMSAD members produce textile machines and spare parts as well as textile dyes and other textile chemicals used in the yarn, weaving, knitting, dyeing, bleaching, washing, denim and ready wear garment sectors.

The textile machinery production sector which employs very advanced technological methods currently enjoys an important strategic position in the local and international arena. TEMSAD is the only Association of its kind in Turkey and have to date signed cooperation agreements with similar associations in 14 countries with the aim of increasing bilateral trade relationships. TEMSAD also organizes a variety of foreign fairs, workshops and enjoys a good working relationship with the government. It also has a close link with KOSGEB (Directorate of Small and Medium Size Enterprises), the O.A.I.B. (Central Anatolia Exporters Union) and the Industrial Machinery Sector Platform. All these links with the aforementioned organizations indicate the level of proactive role TEMSAD undertakes in Turkey and beyond.
